1. Roll Call

Jeanne Geiger called roll. A quorum was present.

2. Citizens to be Heard

There were none.

3. Approval of the January 5, 2010 Meeting Minutes

Christina Castaño-Perez moved and Richard LaBiche seconded the motion to approve the January 5, 2010 meeting minutes. The motion was unanimously approved.

4. Discussion and Appropriate Action on a Presentation of the “TIP Tool” Developed by Data Transfer Solutions

Allen Ibaugh and Bart Williamson presented the Transportation Improvement Plan Tool software (“TIP Tool”) developed by Data Transfer Solutions. Ibaugh stated this software complied with the Federal Transportation Improvement Program reporting requirements for Metropolitan Planning Organizations. In addition, this software reduces the required time to compile TIP reports, allows documents to be searched by project name, project number, project type, and/or geographic area, and customizes reports based on project limits, project descriptions, responsible agency or funding. He stated this application integrates ESRI’s ArcIMS and ArcGIS Server 9.3 to provide maps of the Work Program projects across the web. This TIP Tool may be customized to add specific client-driven features.

Ibaugh briefly demonstrated how the TIP Tool integrated GIS maps with each Work Program project summary report and explained how to search and use the interactive mapping. Ibaugh reviewed a tentative schedule of the installation of the TIP Tool and reviewed initial cost implementation.

5. Discussion and Appropriate Action on the Development of the FY 2011-2014 Transportation Improvement Program

Jeanne Geiger presented an updated schedule and funding levels for the development of the FY 2011-2014 Statewide Transportation Improvement Program (STIP/TIP) which has been provided by the Texas Department of Transportation (TxDOT).

Geiger stated it is expected that the ban that has been in place since October 2009 on amendments to the TIP for federally funded projects will continue until the FY 2010-2014 STIP is adopted by the Texas Transportation Commission (TTC).

Geiger presented a spreadsheet used by the STP-MM Workgroup to address the impact of the new, lower, Category 7 (Surface Transportation Program-Metropolitan Mobility) funding levels on existing projects. The Workgroup will meet again to finalize their work in March.

Later in February, TxDOT will conduct a “Trade Fair” for scheduling mobility projects. This activity will determine when the Category 2 projects (US 281 and Loop 1604) will be scheduled during the 2012-2019 timeframe.

For information and discussion only. No action is being requested at this time.

7. Discussion and Appropriate Action on Amendments to the Metropolitan Transportation Plan (long range transportation plan) and the FY 2008-2011 Transportation Improvement Program (short range plan)

Purpose

To review proposed amendments to the Metropolitan Transportation Plan (long range transportation plan) and the FY 2008-2011 Transportation Improvement Program (short range transportation plan).

Issue

Generally, the Texas Department of Transportation (TxDOT) amends the Statewide Transportation Improvement Program (STIP) on a quarterly basis. In order to meet our local process for amending the Transportation Improvement Program (TIP), amendments are being reviewed at your March meeting with action scheduled for April 2010.

In order to keep the Metropolitan Transportation Plan (MTP) and TIP consistent, amendments to the TIP will also need to be made to the MTP.

Because of financial constraint issues with the STIP, until further notice, the Federal Highway Administration (FHWA) is only allowing amendments to economic stimulus (American Recovery and Reinvestment Act, [ARRA]), Proposition 12, Proposition 14 and transit projects.

The City of San Antonio has requested to split its Intelligent Transportation Systems project (CSJ 0915-12-907B) into two projects. One project with a cost of \$1,000,000 is proposed to let in FY 2010 and the project balance, \$2,410,000, will let in FY 2012. We have not yet received any additional information on this project at this time.

Additionally, transit amendments are attached for review.

Action Requested

For review and discussion only. Action is scheduled for April 2010.
