

Questions & Responses for the Transportation Analysis in the South Texas Medical Center RFP:

Q1. We plan to submit our proposal in response to your recent RFP, but we are not sure if we would receive DBE certification prior to the submittal deadline. We are enlisted as DBE at NCTCOG, which has similar eligibility requirements as TUCP does. Do you have any internal guidelines that we can use?

R1. **The SA-BC MPO does require TUCP for the DBE certification; however DBE certification is not required to submit proposals and is not a criteria in the scoring process.**
